

SMILE MAKEOVER

“Nothing you wear is more important than your smile.” Connie Stevens. Multiple studies have been done which conclude that your smile is one of the first things people notice about you. Make that unforgettable first impression every time with the help of a Smile makeover!

If your smile no longer looks its best due to crooked, chipped, missing, or stained teeth, it can make you self-conscious and reluctant to show off your grin. Many patients find that improving the aesthetics of their teeth with a smile makeover is an outstanding way to enhance attractiveness and raise self-confidence.

Through individual consultations, Dr. Mia can create a plan to makeover over your smile as soon as you want.

If you have ever found yourself reluctant to smile in social situations due to the condition of your teeth, or if you require more than one cosmetic procedure to craft a smile that you’re happy with, you may be a candidate for a smile makeover. A smile makeover at Smiles by Mia is an excellent way to correct a number of dental issues, including broken, worn down, and misaligned teeth.
